Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, distourages and lessens ambition; beauty, vigot and cheerfulness soon disappear when the kidneys are out of order

urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as

WILLIAM M'KINLEY - DIED SEPT. 14TH, 1901. -

The first anniversary of the death of President McKinley finds this dead chleftain of Republicanism and Americanism as much a living leader of his party and his country as at any time during his public career. The issues of this campaign link themselves to the memory of McKinley, because they are issues for which he stood, and of which he was, in part, the creator as well as the most distinguished exponent. His counsel has lost none of its weight with the American people. Here are some of his most character-

"The best statesmanship for America is that which looks to the highest Interest of American labor and the highest development of American re-

"The future is now our field; let us look to it; it opens with glorious possibilities and invices the party of ideas to enter and possess it."

"Protection has vindicated itself. It can not be helped by eulogy or hurt by defamation; it has worked its own demonstration and presents in the sight of the whole world its matchless trophies."

"Our flag is rightfully there; as rightfully there as the flag that floats above me is here; and it is there, not as the flag of tyranny or as the symbol of slavery, but it is there for what it is here and for what it is everywhere-justice and liberty and right and civilization."

"You do not have to guess what the Republican party will do. The world knows its purposes. It has embodied them in law and executed them in administration."

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodoi Dyspepsia Cure will furnish such a rest. It digests wants is rest. Kodoi Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Beirne, N. C. The beef trust men are profuse in their protestations of innocence, but the case which the government is working up against them will show whether or not they are telling the truth. It is known that the administration is pushing this matter with courage and ardor. There is a chance, of course, that the law may be found ineffective in this case, but if this be so a new act will be passed which will do the work which is required. The Republicans are in the trust-killing business, and the country will soon see that they are in to win .- Shelby. ville Republican.

THE MOVERN STORE.

It Has One Department Little Known To Customers.

The great department store of our time has one department usually unvisited by customers, and yet very essential to the good of the store. It is the hospital department. The hospital is a feature of the equipment of the great modern depart ment stores, because experience has proved its advantages. It is not more a mark of humanitarian progress than of commercial sagacity. It is not there for the benefit of customers, though its use would not be denied them. It is there for the benefit of the clerks, a majority of whom are women, and these women are those who almost exclusively use the hospital. It is not an uncommon thing for the young woman employee of the store to sink down exhausted, or to drop

promptly care for her, and she is assisted to the store hospital where she may rest and have the needed restoratives.

WOMEN THE SUFFERERS. While the existence of the store hospital points to the sympathy of the management with its employees, it also emphasizes the weakness of the women for whom the hospital is established. Women who work must be prompt and regular in their duties or they are not wanted. The back may ache, every step may jar along the spine until the head throbs pitifully. The reaching up for a box of gloves or the stooping to pick something from the floor may cause acute pain, but the woman behind the counter must hold on until she drops, and she generally does. Then comes the hospital, a brief rest, and some pallative for her present pain. Next month she may repeat the same experience; for it is noted that this liability to physical collapse among women is much greater at certain periods. The hospital is good in its place. But what these women need is health, sound health. And sound health for them means the cure of those womanly

women well. "A heart overflowing with gratitude as well as a sense of duty urges me to write to you and tell you of my wonderfull recovery," says Miss Corinne C. Hook, of Orangeburg, Orangeburg Co., South Carolina, (care of J. H. Hook). "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared to the poor miserable sufferer who wrote

you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. I read in your book of testimonials where lady said Dr. Pierce's medicines were 'Thousand pounds of comfort,' please let me add one thousand pounds more to Mine was a case of complicated female disease in its worst form."

THE BEST MEDICINE FOR WOMEN.

Dr. Pierce's Favorite Prescription can lay claim to being the best medicine for women without fear of contradiction. it best because it contains no alcohol, and is entirely free from opium, cocaine and all other narcotics, which give only temporary relief from pain. It is the best medicine for women because its cures are radical, going to the root of disease and establishing perfect and permanent health. To these claims the women themselves are the witnesses,

who having tried in vain other medicines, have found in "Favorite Pre-scription" a complete and

"I feel more than grateful to you for the benefit I have received from Dr. Pierce's Favorite Pre-scription and 'Golden Medical Discovery," writes Mrs. Ervie E. Woodin, of Millerton, Dutchess Co., N. Y., care of Box No. 1. "For a number of years I had been troubled with female weakness, nervous headaches, irregularity, restlessness at night, and, in fact, was all run down, but after taking three bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' feel that I am entirely cured. Have no more nervous headaches, different person, thanks tured. to your kind advice and wonderful medicine. I earnestly advise

all who suffer from any similar troubles to write to Dr. Pierce at once. They will not regret it."

NO NEED TO BE SICK.

For the majority of women there is no need to be sick with womanly diseases. The figures show that out of every fifty women suffering from diseases peculiar to their sex forty-nine are cured by the use of Dr. Pierce's Favorite Prescription. Even the one woman in fifty for whom no perfect cure is possible is benefited by a lessening of pain, and an increase of strength through the use of this great medicine for womanly ills. "Favorite Prescription" establishes

regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It is the best tonic and nervine for weak, worn-out and rundown women. It quiets the nerves, encourages the appetite and induces re-freshing sleep. It is a purely vegetable preparation, and cannot disagree with the weakest constitution.

Weak and sick women are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

BOODLERS APPEAL YOUNG MOTHERS

May Need Helpful Advice at Trying Times. They Should Remember Mrs. Pinkham Freely Offers Her Motherly Advice.

"O, if my mother were only alive."

How frequently young mothers use this expression: All through her life she has known a mother's watchful care.

She is now a mother herself and gains in strength but slowly. She would give worlds to do everything for her babe, but cannot. That tiny babe has unfolded in the young mother's heart new emotions; she has a living responsibility, and requires strength to enable her to perform a loving duty. At such a time too much care

cannot be taken, and the greatest assistant that nature can have is Lydia E. Pinkham's Vegetable Compound. The birth of the first child is an especially trying experience and nature needs all the help it can get. A happy, healthy, young mother is a delight to herself and all who know her, and Mrs. Pinkham's medi

cine will build her up as nothing else can. Mrs. Pinkham especially requests young mothers and wives to write her if they need advice. She has been mother, helper and friend to thousands—let her help you—it will cost you
